### THAT HATCHET STORY

Owner of Washington House Says It Did Not Belong to George.

(Special to The Times-Dispatch.) CHARLOTTE, N. C., April 13.—Mr. W. J. Moon, Jr., of Virginia, who is now visiting his daughter, Mrs. J. Lee Kolner, in this city, told your correspondent today about the hatchet that was found recently in the Merry Washington house in Fredericksburg. Mr. Moon once owned the Washington property. Soon after he purchased it he decided to have a new roof put on the dwelling. During the time the carpenters were at work on the roof he dropped his hatchet through a small opening in the roof. Owing to the fact that the roof was about completed the hatchet was allowed to remain where it had fallen. This, Mr. Moon states, is the hatchet that has recently been found between the ceiling and upper floor of the building. Several years ago Mr. Moon sold the Washington property to a Washington memorial association.

### TO BE MUSTERED IN

A great quantity of tobacco was sold at the Reidsville market last week. The breaks were the largest since Christmas. The prices on all grades are exceedingly low at present, but an advance is expected. Farm work throughout the county has been greatly retarded.

It was reported here yesterday on high authority that contractors bids were being sent for a branch of the Norfolk and Western Railroad from Stoneville to Stoneville and Spray. It is known that some of the leading men of Spray have for some time been dickering with the Norfolk and Western for the purpose of getting that road to branch into Spray.

The request was granted, and it is believed the trial will begin to-morrow.

## FIX THE SALARIES OF THE TEACHERS

Bill in the Senate to Give None Less Than Forty Dollars.

The House of Delegates of Virginia was not in session yesterday, having adjourned on Saturday until Tuesday. The session of the Senate was merely a formal one, there being less than a quorum present. Mr. Harman, of Texas, offered a bill designed to fix the salaries of school teachers at a minimum of \$40 per month. Several bills were reported from the Committee on Public Institutions and Education. Both houses will get down to work today.

The attendance of senators was rather meagre when Lieutenant-Governor Willard called the Senate to order yesterday. There was no prayer, and the Senate entered without delay upon its preliminary work.

Among the members present was Mr. Shands of Southampton, who has been detained at his home for some days.

The Senate passed a joint resolution directing the printing of 2,000 copies of the General revenue bill.

Several House bills were reported to the Senate and referred to the proper committees.

Mr. Harman, of Texas, offered and had referred to the Committee on Public Institutions and Education a bill to amend Section 146 of the code in relation to the duties of Boards of School Trustees. The bill proposes to so amend the section as to provide "that said boards shall not fix the salaries of teachers at less than \$40 per month."

Mr. Kessel, from the Committee on Public Institutions and Education reported without amendment these House bills:

## SHELTERING ARMS FREE HOSPITAL

An Appeal Made for This Most Deserving Institution.

A few weeks ago the Sheltering Arms Free Hospital made a public appeal for \$600.

This amount, usually appropriated by the city, has been withdrawn, and the Board of Managers are confronted by a most difficult problem—that of keeping open the doors of the hospital longer than the first of May, without the necessary funds.

There were several responses to this appeal, and \$218 received, one hundred of which was given by one gentleman. It is the strictest economy the cost of a patient is one dollar per day. For this amount every attention is supplied, including medicine, trained nursing and physician's attendance.

Many surgical cases are treated, and attended the most expensive drugs are obtained.

The board feels that the condition of affairs needs only to be known, when the charity-loving people of this community will come to the aid of this most noble institution.

It is the only entirely free hospital in the State. Twenty patients can be cared for, and for many days every cot has been filled.

This hospital not only cares for the weak little ones, but it also takes back to health and strength many poor, sick and suffering mothers, who seek treatment within its walls. This grand work was begun by Miss Rebekah Peterkin thirteen years ago, and her earnest followers have labored well to maintain this most indispensable charity.

Such an institution be closed, with every bed filled and many applicants waiting to be treated without money and without price.

Contributions of any kind will be most acceptable, and can be left with the president, Mrs. B. H. Peterkin, No. 765 East Leigh Street, or with the treasurer, Mrs. George T. King, No. 500 East Leigh Street.

## ADVERSE TO LIQUOR MEN

Finance Committee Took Up Only Formal Petitions.

### LARGE NUMBER RULED OUT

They Will Doubtless Present Their Petitions to the Board of Aldermen This Evening—No Action Was Taken Last Night.

Aggrieved over the license tax imposed upon them and hoping to secure rebates, over two hundred merchants—chiefly liquor dealers—appeared at the City Hall last night, expecting to be heard by the Committee on Finance, as a result of the recent action taken by the Common Council. Not over twenty, at the outside, were admitted to the private sanctum of the Commissioner of Revenue's room, where the session was held, while the multitude awaited patiently on the outside, thinking surely their time would come. Nothing definite resulted from the session.

However, before hearing from any of the aggrieved dealers, the committee decided that only those who had filed with the Common Council a genuine petition would be heard. In taking this action the body decided that a list of over two hundred and fifty names were not competent, although they had been submitted to the Council and referred.

### NOTHING BUT NAMES.

The action of the Finance Committee in ruling out this list recalls vividly the wild scramble in the Council chamber when the liquor licenses were up. It will be remembered that at the conclusion of the debate over the matter, the salaried present tumbled over one another to file a petition. Nine out of ten of the men submitted only their names, foregoing the formality of writing an appeal in their own handwriting. The blank letter heads, containing a single name; small slips of paper, long lists of names, corners of newspapers, on which was scribbled one or two unintelligible words. And these were a few of the more orderly.

When the committee met last night all of these papers were on hand, and it was stated that every salaried present in the room had one or more of these papers. The committee decided that only regularly drawn petitions would be considered, and the clerk was instructed to pass by all papers on which was written only names and nothing more, including the carefully compiled, typewritten list of liquor dealers.

When this was submitted Mr. Crenshaw stated that he was in a position to prove that over fifty of the people whose names appeared on the list were not appealing and were well satisfied with their present rating.

### REPRESENTED PAWN BROKERS.

Captain George D. Wise was admitted to the committee room. He stated that he represented three pawnbrokers from the city, all of whom desired to appeal from the rating of the body, but a close examination failed to reveal any formal petition submitted by them to the Common Council. As a result Captain Wise was not heard.

After long discussion General Anderson moved that all regularly drawn petitions be considered and reported upon to the Council. This was passed.

Three or four attorneys, among whom was Mr. Harry Smith, appeared in behalf of certain dealers. Three clients to represent, and he told the committee that not one of them was making money sufficient to warrant them paying as high a license tax as imposed.

Mr. Smith said that inasmuch as the committee had decided not to consider names, he would have to present petitions for his clients at the meeting of the Board of Aldermen to-night.

No definite action was taken last night by the committee, as still other petitions are to be considered. A report may be formulated this week.

## Don't Buy Cheap Spirits When You Can Get Pure Whiskey

We wish to caution the public against the many unprincipled dealers, who advertise themselves as distillers or distilling companies. They don't distill a drop of whiskey and have no connection with a distillery. For proof, see Government Reports, which give a list of every distillery in the United States. You won't find any of our imitators in this list, but you will find "HAYNER."

We are the only distillers in the world who sell direct to consumers and we are the originators of the plan. Our success has bred scores of imitators, who are simply dealers. Some run grocery stores and sell liquors as a side issue. They buy to-day cheap spirits made yesterday, and, after "doctoring" it up, sell to-morrow as 8 to 20-year-old whiskey. We have been distilling whiskey for 87 years, but that is too fast for us. It takes us 7 years to age our 7-year-old whiskey. We have tested the "stuff" sold by our imitators as whiskey of every age imaginable and we wouldn't be guilty of selling it. It's not whiskey, but cheap adulterated spirits and nearly half water.

The two essentials for making good whiskey are choice grain and pure water. Government statistics prove that the Miami Valley, in the very heart of which our distillery is located, produces the best grain and has the purest water of any section of this country. We have one of the largest and most completely equipped distilleries in the world. There is more HAYNER WHISKEY sold than any other brand of whiskey in the world. We supply regularly with HAYNER WHISKEY nearly half a million of the most prominent and influential business and professional men in this country, the very people who want the best and wouldn't be satisfied with anything else. No matter how much you pay you cannot get anything purer, better or more satisfactory than HAYNER WHISKEY. Remember it goes direct from our distillery to you, with all its original strength, richness and flavor, thus assuring you of perfect purity and saving you the enormous profits of the dealers, who are compelled to sell watered and adulterated "stuff" in order to meet a distiller's price. The cheaper they sell the more water and adulteration you get. Don't buy cheap adulterated spirits from our imitators, when you can get pure and unadulterated HAYNER WHISKEY. YOUR MONEY BACK, IF YOU'RE NOT SATISFIED.

OUR OFFER We will send you FOUR FULL QUART BOTTLES OF HAYNER'S SEVEN-YEAR-OLD RYE for \$3.20, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, then send it back at our expense and your \$3.20 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied you are not out a cent. Better let us send you a trial order. We ship in a plain sealed case, no marks to show what's inside. Write our nearest office NOW.

Orders for Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington or Wisconsin must be on the basis of 4 Quarts for \$4.00 by Express Prepaid, or 20 Quarts for \$16.00 by Freight Prepaid.
